

SONEVA

Returning to What Matters

For over thirty years, Soneva has held a simple belief: the most meaningful things are often the simplest. Shoes left behind. Noise softened. Until what remains is presence, connection and a quieter world.

Just What Matters.

Three Islands. Three Expressions.

Three chapters of island life — each with its own light, its own pace, its own sense of place. Together, they form a single world. Recognisable the moment shoes come off.

SONEVA FUSHI

The original Soneva. **Soneva Fushi** is grounded, soulful and deeply connected to nature, community and family life within the Baa Atoll UNESCO Biosphere Reserve.

SONEVA JANI

An energising chapter of island life, where active days and restorative nights are made to be shared. **Soneva Jani** is set across a vast private lagoon in Noonu Atoll, where sea and horizon stretch in every direction.

SONEVA SECRET

The most intimate expression of Soneva, **Soneva Secret** is designed around privacy, rare space and deeply personalised hospitality.

Three islands scattered across
the Maldives — each remote,
each distinct, each shaped by
the same quiet belief.

SONEVA FUSHI

The Soulful Playground

The original barefoot island built around nature in the Baa Atoll UNESCO Biosphere Reserve. Jungle villas disappear into the canopy; overwater retreats meet the reef where the Indian Ocean begins. Unhurried, yet endlessly alive: a place where the young discover wonder, and seasoned adventurers return to find something new.

The Journey

The journey begins above open water — a seaplane crossing of the Indian Ocean that descends into the turquoise waters of the Baa Atoll UNESCO Biosphere Reserve.

Set within the trees, shaped by nature

Set within the island's natural greenery, the villas at Soneva Fushi feel quietly connected to their surroundings. Pathways wind through the trees to

spaces that open easily to the outdoors, with room to gather, to pause and to be alone. Life here moves gently, shaped by the rhythm of the island.

Out of the Blue

A two-storey perch above the lagoon where grills, sushi counters and open sea air carry the day from lunch into evening.

Every Meal is a Journey

More than 10 settings, each entirely its own. A reef lunch. A meal above the organic gardens. A starlit dinner high

above the treetops. With more dining destinations than days on the island, the hardest part is simply choosing where to begin.

Flying Sauces

A seasonal set menu served above the jungle canopy, reached by zipline, where the view opens into layers of green.

So Hands On by Chef Akira

A six-seat counter where Chef Akira’s omakase is shaped by traditional Edomae technique

Fresh in the Garden

Perched above the island's organic gardens, dinner unfolds around ingredients handpicked that morning.

The Treat Rooms

Open at any hour. Handcrafted chocolates, fine cheeses, charcuterie and handmade ice cream — including no-sugar and dairy-free options. A beloved Soneva tradition.

The Den: a space for children and teens to explore, create and roam freely, where play, curiosity and new discoveries unfold each day

The Den

One of the largest children's spaces in the Maldives, The Den weaves a world of creativity and discovery, where young guests lose track of time.

Tennis and Padel: play beneath open-air and covered tennis courts alongside padel courts.

Art and Glass Studio: where recycled glass finds a second life

*Snorkelling: float through a

Ziplining through the jungle: glide through the forest canopy, ending at a table set above the trees

AquaTerra: a science, education and research centre dedicated to marine life, conservation and the natural world.

Surfing: long clean brakes with nothing between you and the horizon

SONEVA JANI

The Energyscape

A world suspended between water and sky, where life unfolds to the rhythm of the lagoon. Time at Soneva Jani is shaped by movement, stillness and discovery — reconnecting guests with nature, with loved ones and with a lighter sense of being.

The Journey

From the seaplane window or the bow of the speedboat, the Noonu Atoll arrives as a sweep of open water, the lagoon wide and still in every direction.

One Bedroom Overwater Villa

Living above the Lagoon

Perched above the lagoon, the villas at Soneva Jani feel suspended between water and open sky. Retractable roofs draw in the stars. Wide decks reach over the water, close enough to slip in at any moment. All of it connected by the serpentine jetty, a winding path above open water to cycle or stroll whenever the mood calls.

SONEVA *Soul*

Restoring What Matters

It begins with listening to your body when it wants to move, to your mind when it needs quiet and deep stillness.

Set within the natural rhythm of the islands, Soneva Soul brings together ancient healing traditions, movement, nutrition, modern therapies and time in nature through experiences that feel personal, unhurried and quietly transformative.

SONEVA *Soul*

WELLBEING

Wellbeing here starts with a simple question: what does your body need today? The answer might be a spa treatment, guided breathwork, an organic lunch, a game of tennis against a jungle backdrop. Whatever it is, the rhythm is shaped around you.

Drawing from Ayurveda, movement, bodywork, mindfulness and modern wellness therapies, Soneva Soul blends ancient healing traditions with contemporary wellbeing practices in a way that feels deeply human rather than clinical. Treatments are guided intuitively by practitioners, creating experiences that feel personal, restorative and quietly transformative.

Soneva Soul extends beyond wellness spaces into products, conversations and shared experiences designed to support wellbeing in everyday life.

SONEVA *Soul*
ELEMENTS

Created with natural ingredients and thoughtful formulations, Soneva Soul Elements includes skincare, body care and wellness products designed to bring the feeling of Soneva Soul into daily rituals at home.

Protecting What Matters

Sustainability has always been at the heart of what Soneva is.

Across the islands, initiatives span coral regeneration through the Soneva Namoon Foundation and AquaTerra, Waste-to-Wealth programmes that transform waste into useful resources, and dedicated eco-centres that support recycling, education and conservation efforts.

From responsible sourcing and renewable practices to marine conservation and community partnerships, stewardship is woven into everyday life across the islands, helping protect what makes these places magical for generations to come.

Remarkable People.

Shared Moments.

Soneva Stars brings together world-renowned chefs, wellness practitioners, athletes, artists and astronomers through a year-round calendar of immersive experiences.

From destination dining and one-to-one coaching to healing practices and stargazing sessions, each encounter is designed to feel intimate, personal and unforgettable.
