

A group of dolphins swimming in clear blue water. The dolphins are captured in various positions, some swimming towards the camera and others away. The water is a deep, vibrant blue, and the lighting is bright, highlighting the sleek, greyish-brown bodies of the dolphins. The overall scene is serene and captures the natural beauty of these marine mammals.

Experiences

Welcome

As guardians of places that have existed long before us, our unique vision is inspired by nature's magnitude, mystery and enchanting beauty.

Founded on shared passions and masters of innovation, we are a thriving community working hand in hand with the environment to craft beautiful, beyond bespoke experiences where discovery is a way of life.

With our Hosts as your personal guide, we invite you to explore and delight in the possibility of each moment as time melts away and lose yourself in experiences that will stay with you for a lifetime.

Sonu and Eva

Inspiring a lifetime of rare experiences

At Soneva, our creativity is driven by our understanding of what true luxury is for our guests; many of which spend most of their time in urban environments. It is about understanding their daily lives and offering them experiences that are both 'new' - in that they are rare, unusual and exceptional, but at the same time 'true' in that they are highly desired and cherished.

With our team, we continue to question and challenge what is rare, and hence a real luxury. We have curated the following rare and authentic experiences to help create precious, life-enriching stories and memories.

LIFE Experiences

Community Activities

Mini Waste to Wealth & Gardens Tour

Tour our organic gardens, see how we make the most out of the island's coconuts –from composting to making coconut oil – and learn more about our recycling initiatives.

Duration: 60 minutes

SLOW LIFE Journey

Tour our island Eco Centro 'waste to wealth' centre and learn more about Soneva's philosophy, which places sustainability at its core. Following the tour, enjoy a local lunch on the nearby island of Makunudhoo.
