WHY IS PORTUGAL THE PERFECT FIT FOR YOUR CLIENTS?

EASY ACCESS FROM ALL OVER THE WORLD

At the western tip of Europe, **Lisbon** and **Porto** airports welcome direct flights on a daily and regular basis. The **Azores Islands** also have daily direct flights from the East Coast and **Madeira Island** a weekly JFK flight. All the airports (including **Faro**, in the Algarve) have excellent connections with European with national and low-cost carriers.

Portugal is provided with a modern set of highways and railway tracks, thus facilitating travelling between cities. Crossing Portugal's inland is fairly easy, with so much to live along the way, and off the beaten track.

Madeira and **Azores**, both groups of islands, are unforgettable unspoiled Nature wonders that really are worth a visit.

Lisbon is also a must stop-over for many cruises.

RICH IN HERITAGE

Once a maritime empire from where fearless explorers sailed to conquer the world, **Portugal** is currently at the top of travellers' bucket-lists and travel awards.

It has just been awarded with the World Travel Award for **EUROPE'S LEADING DESTINATION 2021** thanks to its' visitors and people.

Portugal is rich in heritage but cosmopolitan through and through. It offers history, culture, nature, sports, food and wine on a classic approach in balance with a modern vibe.

RENOWNED FOR CLIMATE & HOSPITALITY

The Portuguese are friendly, naturally hospitable and mostly multilingual. Combining this with the sunny days, that are a constant all year-round, Portugal is the ideal destination for your clients.

This is a compact country showcasing the beaches of the Algarve, the regional gastronomy of the Alentejo and North, and the award-winning wines here produced, beautiful landscapes, countryside and 2000km of waterfront.

The island of Madeira basks in a kind climate and together with the Azores, a group of mid Atlantic Islands still very unexplored tourism wise, offers unique experiences with their own cultures.
