

renewmic

Overview

Reverie embodies a slower life.

A pause.

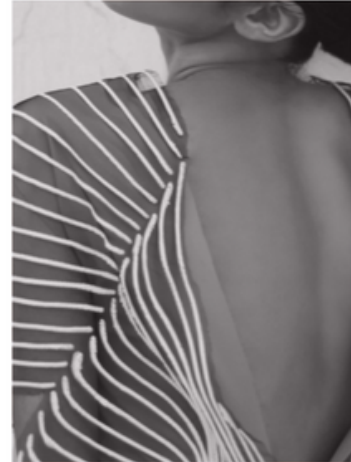

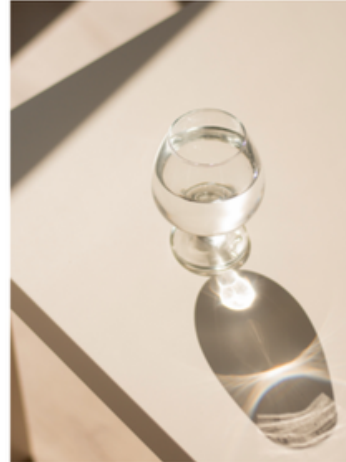

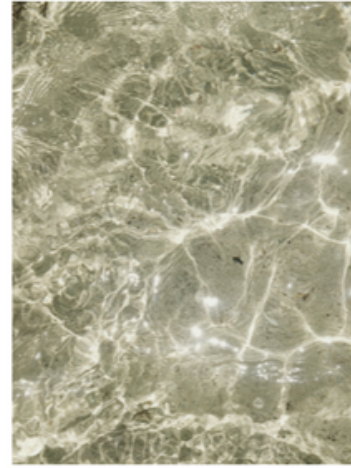

A break from the speed at which we live.
An opportunity to stop and connect with
the world around you.

Indulge. Slowly.

Breathe. slowly.

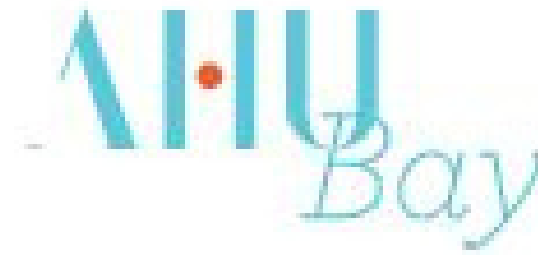

Seek spaces where you can renew.
Find the balance that helps you realign.
Create moments that help you rediscover.

Experience reverie.

Reverie will be a collection of small, boutique, intimate resorts with 8-16 keys in select destinations across the country, handpicked for this new entrant to luxury travel.

Ahu Bay will be the first property to open, with at least two more properties slated to open in 2023.

It is located just 40km north of Galle and just 15 km south of Bentota, and has access to a beautiful coastline.

NIU
Bay

The main clubhouse overlooks the western coastline, with incredible sunset views.

Landscaped gardens across the resort will provide lounging areas across the resort.

The resort has one main clubhouse with four rooms, and three villas with 1 suite and 2 rooms each.

Guests can enjoy direct, uninterrupted ocean views in all rooms

All suites have a large living area, and 2 suites have private pools facing the ocean as well.

Kayam House, located in Rekawa, near Tangalle is in a pristine location on the southeastern coast. It overlooks the beach and a conservation forest.

Beautiful architecture and a stunning pool framed by coconut trees make this the perfect getaway.

With a wide variety of private spaces, Kayam house provides you with nooks and corners to hide and relax in.

Clean lines, and natural light are used at every possible location.

There is a strong element of wellness across the property, with a yoga shall overlooking the beach
