BACK TO THE LAND

Located on a hill above the Binibona Valley, this intimate corner is designed as a place to escape from the world. Find a refuge in this unique and secluded location, but just minutes from Selva, Caimari and Moscardi, some of the most beautiful villages on the island. 70 hectares where only the occasional ringing of church bells or the bleating of sheep can break the meditative silence. 10 exclusive rooms from which to contemplate the wide views, with the luxury of absolute tranquility. Staying here all day, watching the changing light until the sun sets behind the Sierra de Tramuntana.

The Finca consists of more than 70 hectares, with a fortified medieval country house known as Alquería, and at its heart, a century-old oil mill that still produces a formidable extra virgin olive oil.

The first and only church that existed in Binibona is more than 200 years old and is located in the main courtyard, protected by the remains of the medieval walls of the Masía.

Today, after more than 20 years, it continues to receive guests from all over the world, looking for a bit of peace, nature and the Balearic essence.

THE BEAUTY

„Simplicity is the ultimate achievement. After having played a large number of notes and more notes, it is simplicity that emerges as the supreme reward of art.“

F. Chopin

The charm of staying in an authentic old farmhouse, in three categories of rooms depending on the size, views or services of each one. Former stables, sheds and workshops have been splendidly transformed into 10 intimate rooms and suites.

THE RESTAURANT

FARM TO TABLE

Millennial olive trees, pines, lavender, holm oak forests ... Majorcan nature makes its way with a wide selection of plants and fruit trees, indisputable protagonists of the farm's own aroma:lemon, orange, cherry trees ... Avocados, tomatoes, custard apples or bananas are picked in the orchards and go straight to the plate, without decorations, without additives ... the purity of nature.

An orchard of aromatic plants with rosemary, chamomile, mint, lemongrass ... and another of seasonal organic vegetables, make up the restaurant's lively menu.
