

THE AND GROUP
NILE CRUISES

This pioneering Nile cruise reimagines river travel by shifting the traditional sundeck from the roof to the heart of the vessel, creating a central atrium that becomes the soul of the onboard experience. This bold spatial move anchors the design narrative—drawing light inward and fostering a sense of vertical connectivity, intimacy, and quiet grandeur.

Location

Distinctly set apart, the new vessel is docked at a private dock, offering seamless access just 20 minutes from Luxor and Aswan International Airport.

The background image shows a sophisticated dining environment. Large floor-to-ceiling windows on the left offer a view of a coastal scene with mountains and water. The interior is decorated with several large, lush green indoor plants. In the foreground and middle ground, there are rows of chairs with a light-colored, geometric pattern. The ceiling features a series of horizontal wooden slats and recessed lighting. The floor is covered with a patterned rug that has a repeating circular motif in shades of green, white, and red.

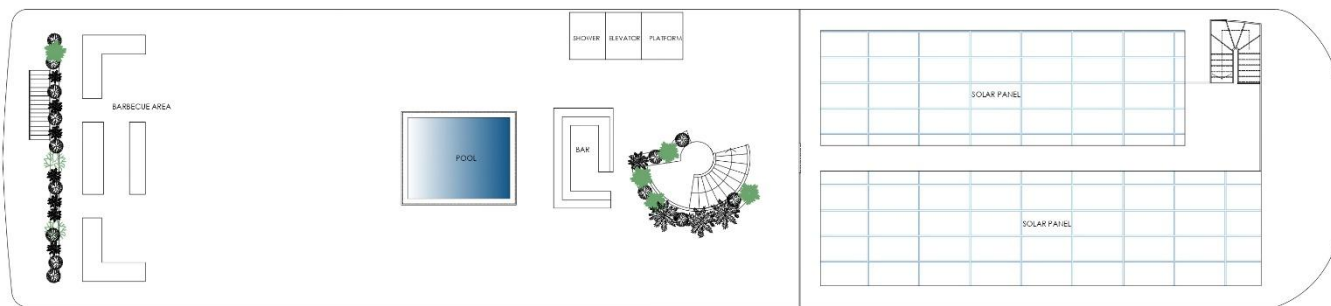

Dining Experience

Savor an expertly designed menu celebrating both regional flavors and global inspirations, created with the finest seasonal produce. Dining is offered in our main restaurant for everyday enjoyment, with refined à la carte options in our specialty restaurant, and a full range of dietary needs—including vegan, vegetarian, gluten-free, and dairy-free—thoughtfully catered to.

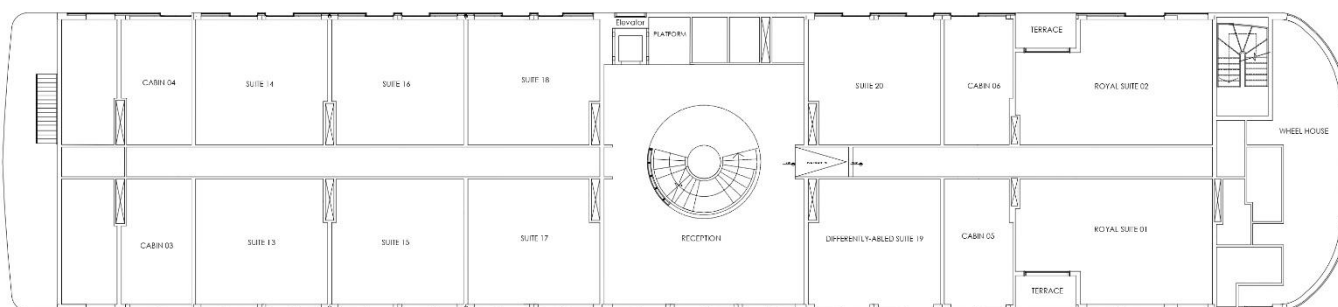

Wellness

Indulge in a serene spa and hydrotherapy journey on board, designed to restore balance and awaken the senses. The experience features contrasting hot and cold plunge pools to stimulate circulation and promote deep relaxation, complemented by three immersive experiential showers that offer a multisensory ritual of renewal and well-being.
